A Career in Teaching
5662 South Staples, Suite 220
Corpus Christi, TX 78411

Attn: Adrian Fernandez

Dear Mr. Fernandez,

Atascocita High School has had some excellent interns from A Career in Teaching-ACP (Humble). It is very evident that these interns understand quality work ethic and have shown in just one year, successful teaching can be accomplished.

I do know that these interns have been through intern training which emphasized assessment strategies, classroom management, communication skills, and various instructional strategies. Many of our first year teachers from A Career in Teaching-ACP such as Elton Ervin, Maria DeVyra, and Yvonne Taylor have strived to improve in these areas. Interns have been observed continuously by the program's field supervisor and have been successful in completing many of their goals as first year educators.

Again, thank you for providing Atascocita High School with such qualified teachers. If I can ever be of any assistance, please contact me at 281-641-7510.

Sincerely,

Dania Rovegno
Associate Principal
