Attn: Adrian Fernandez

Dear Mr. Fernandez

Corpus Christi Independent School District appreciates the high quality, classroom-focused instructional training that your interns are receiving through your program. It is evident that these interns understand the importance of effective instructional strategies that are based on scientifically based research.

Your organization's structured guidance and on-going support for these interns has helped them continue to improve their practice of teaching and polish their instructional skills. First year teachers that we have hired from your program have been successful in improving student academic achievement. I appreciate the quick response we get to our questions concerning your program.

Thank you for assisting us in securing highly qualified teachers for our students. If I can ever be of any assistance, do not hesitate to call me at 361/886-9064.

Sincerely,

Michael R. Briones
Chief Administrative Officer
